

# Keeping Children Healthy and Parents Happy!

## Step 'n Wash enables children to safely wash their hands while keeping your restroom counters and floor dry and safe

- Address parents concerns about the spread of germs and viruses
- Increase safety by keeping your restroom counters and floor dry
- Cost effective way to increase customer service by eliminating the struggle of having to lift a 30 or 40 pound child up to reach the lavatory
- Self-retracting: after each use, the step automatically retracts back underneath the counter and out of the way for adult patrons
- Enables any existing lavatory to be accessible by both children and adult patrons
- Utilized more often than a diaper changing table at ½ the cost

This is one workout every parent and grandparent is happy to miss!

- Bolts directly to the restroom floor using the provided hardware
- Approved by risk management from Fortune 500 companies
- Designed with no pinch-points
- Available with 8" or 9.75" step height
- Material = Type 304 stainless steel
- Tested to support over 600 lbs
- 5 year warranty

*"Step 'n Wash is easy to install and easy to maintain, and most importantly it provides a safe way for kids to independently access faucets and soap dispensers in the restrooms of our concept stores. We're very pleased with the product."*

Steve Davis, Senior Vice President of Borders Group Operations
